SENIOR CLASS M. H. S. CONDUCTS CHAPEL EXERCISES.

Monday morning the Senior class of the High School conducted the chapel exercises in the happiest and most delightful manner. The class permitted the undergraduates to obtain a slight idea of the high destiny awaiting each and every one of them by drawing aside the curtain of the future as much as necessary to show how far the genius and enterprise of the present Seniors will have carried them ten years hence. The revelation occurred at a supposed reunion, a reception given by that most delightful and tactful of hostesses, Miss Isabelle Key. All members of the class were present with the exception of Mrs. Kirk (nee Sheeler) who could not leave her family, and the Misses Lykins and Chalky, who were unavoidably detained by pressing matters of business. An impromptu program was given as follows:

Miss Mathews, the great pianist, just returned from a series of concerts before the German Emperor, gave a piano solo.

Mr. George Bauer, the world famous chemist, gave an erudite and witty discussion of "Experimentation in Chemistry."

Miss Calvert, sweetest of singers, and Mr. Zeigler, the renowned exponent of esthetic dancing, rendered the beautiful ballad, "Annie Laurie," in their most touching manner.

Mr. Redmond, the famous poet, delivered a sonnet universally voted superior to anything Milton or Shakespeare had ever written.

Mrs. Clarke (nee Young) sang "Till the Sands of the Desert Grow Cold," with much expression and faultless voice.

Miss Stevenson, whose energetic advocacy of the suffrage cause has turned Mrs. Pankhurst green with envy told of her stirring adventures with the London "Bobbies."

Among the distinguished guests present were Mr. and Mrs. Horace Clark, Miss Parker and Mr. Ellis, Miss Mary Bacon Osborne, Miss Marion Daly, Miss Elizabeth Higgins, Miss Deloid, Miss Dryden, Miss Grant, Mr. Glascock and Mr. Crawford.

The curtain fell during a spirited rendition of "Auld Lang Syne" and rose again for a second on an enjoyable tableau, "The Bridal."

'HOW I SHALL MISS YOU WHEN YOU ARE GROWN.'

What the poet sang every mother's heart has felt. Baby's photograph taken now and then will preserve the image and memory of baby days for all time.

ELECTRIC SIGNS!

The distinguishing air of quality which a first-class Electric Sign gives to a store is the element which gives a sign its greatest value as an advertising medium and investment. The impression it makes is good. It blazes forth to the public that there is business enterprise, merchandise and methods up-to-date. It affects the entire atmosphere of the business district. The stranger says, "It is a live town," and publishes it abroad.

It is the Sign of the Times.

PAIGE

Model Chevrolet "36"—Electric lighting and starting—\$1275.
Model Buick "25"—6-passenger—Electric lighting and starting—\$1975.

MAYBE it is an old fashioned idea this notion of putting all the value possible into the car itself—and as little as possible into overhead expense—

But it has given the Paige a positively dominant position among cars of medium price—

Ample capital for operating purposes—no bonded indebtedness—no excessive capitalization—no heavy overhead of any kind to be paid for.

Just a full dollar of car value for every dollar of the selling price.

Is it any wonder that the Paige is going to be oversold again this year in spite of increased production?
